**Objective:** Graduated B.Sc. Data Science student with a strong passion for transforming data into meaningful insights to drive business decisions. Recently offered an Implementation Analyst Internship with Uknowva and Convergence IT Services Pvt. Ltd., where I aim to apply my analytical skills and innovative problem-solving abilities. Known for being detail-oriented and dedicated to tackling challenges, I am excited to contribute to organizational success while continuing to grow and develop in a data-driven role.

---

## **Professional Profile:**

- B.Sc. Data Science graduate skilled in Python, Power BI, SQL, and Advanced Excel.
  - Proficient in statistical analysis, data visualization, and handling complex datasets.
  - Strong analytical thinker with excellent problem-solving and communication skills.
  - Passionate about using data to derive insights and drive decisions.
  - Quick learner dedicated to continuous growth and impactful contributions.
- 

## **Technical Skills:**

- **Operating Systems:** Windows.
  - **Programming Languages:** Python (basic).
  - **Markup Languages:** HTML.
  - **Databases:** SQL, DBMS.
  - **Tools:** Power BI, MS Office, Advanced Excel, UI Path Studio.
  - **Machine Learning:** Basic knowledge.
  - **IoT:** Basic knowledge.
  - **Mathematics:** Linear Algebra, Statistics.
- 

## **Internship :**

1. **Company:** uKnowva (Convergence IT Services Pvt Ltd)  
**Duration:** April 2025 – October 2025 (6-month internship (currently working))  
**Description:** Implementation Analyst Intern
    - Assisted in implementing business software solutions for clients.
    - Collaborated with teams to integrate software tools that meet client needs.
    - Supported the maintenance of documentation, workflows, and process improvements.
    - Handled confidential business information while adhering to company policies.
-

2. **Company:** iFuture Technologies Private Limited

**Duration:** May 2024 - June 2024

**Description : Cloud Architect Practical Experience**

- Learned to manage **Microsoft servers** and work with **Linux systems** in private cloud setups.
  - Gained experience in running and handling **offline apps** within a private cloud.
  - Worked on managing private cloud servers, including monitoring, improving performance, and keeping systems running smoothly.
- 

## **Projects:**

### **1. Powerbi Dashboard:**

**About :** Analyzed Ecommerce Sales Data Creating An Interactive Dashboard using Power Bi

**Description:** Created an interactive Power BI dashboard analyzing sales, customer behavior, and product trends for an e-commerce platform.

**Highlights:**

- Cleaned and transformed data using Power Query.
- Visualized revenue, KPIs, and sales trends with dynamic charts and filters.

**Tools:** Power BI, Power Query.

---

### **2. Flight Fare Analysis**

**Description:** Built a flight fare prediction model using machine learning.

**Highlights:**

- Preprocessed data and implemented regression algorithms.
- Predicted prices based on route, duration, and airline.

**Tools:** Python, Matplotlib & Seaborn, Flask.

---

### **3. Cricket Score Predictor**

**Description:** Developed a **machine learning** model to predict cricket scores based on historical data and player performance.

**Highlights:**

- Used regression models for predictions.
- Integrated a Flask-based interface for real-time use.

**Tools:** Python, Pandas, Scikit-learn, Flask.

---

#### 4. Music Store Data Analysis

**Description:** Analyzed music store sales and customer data using **SQL** to derive insights.

**Highlights:**

- Built SQL queries to explore sales trends and customer behavior.
- Leveraged JOINS, aggregates, and filters for data analysis.

**Tools:** PostgreSQL, PgAdmin.

---

#### 5. Movie Recommendation System

**Description:** Built a movie recommendation system with personalized suggestions and infinite scroll.

**Highlights:**

- Added a search feature recommending 5-10 movies based on user input.
- Used content-based filtering to improve accuracy.
- Designed a user-friendly interface.

**Tools:** NLP, Streamlit.

---

#### Educational Qualifications:

| Degree             | Year of Passing | College/University                                                            |
|--------------------|-----------------|-------------------------------------------------------------------------------|
| B.Sc. Data Science | 2025            | Sheth N.K.T.T College Of Commerce And Sheth J.T.T College Of Science And Arts |
| 12 <sup>th</sup>   | 2022            | H.S.C. Sheth NKTT College Of Commerce Thane(w)                                |
| 10 <sup>th</sup>   | 2020            | Sri Ma Vidyalaya, Thane (w)                                                   |
